Thank you to the Brussels Girl Scouts for bringing some Christmas cheer to the residents with your caroling!

January 2023

A Special Thanksgiving

This Thanksgiving was extra special! We were able to have family and residents gather around a table again to share a holiday meal! After the last two years, it warmed our hearts to be back together again in this way. We are so grateful to our residents, families, staff and little community!

Agnes Klunk opens a gift. Again, thank you to all who generously gave gifts to make an amazing Christmas for the residents.

Winter Weather Safety

We want our parking areas and sidewalks to be safe no matter what the weather is like. If you notice slick spots that need to be treated, please let us know.

THANK YOU

We want to give a big shout out and say thank you to all in our community who adopted a resident from our tree. We are so proud of our small community and honored to be serving the people of our county. The smiles the gifts brought to our residents was immeasurable! From our hearts to yours, we thank you!

A Special Surprise

The kindergarten class of St. Norbert's School worked hard on creating 78 Christmas cards for the residents of our Home. Along with the cards, they presented a monetary donation to go towards the needs of the residents. They continued to spread Christmas cheer as they caroled around the Home with their first/second grade friends.

Be Thankful

We're starting the year off with kindness and appreciation—January is National Thank You Month. Often, people are critical instead of thankful, and an honest "thank you" can mean the world to someone. This month, focus on expressing gratitude and doing nice deeds for others. We will be featuring a "Kindness Starts With Thank You" wall throughout the month. "Thank You" cards can be picked up in the front office, from the Activity Dept or the Social Service Office. Tell someone thank you for the special things they do with a written message. All cards will be posted on the wall!

Celebrating Lea Miller

January 23-27 is National Activity Professionals Week, and it's a time to recognize the work of Lea Miller, our Activity Director. Activities are a vital part of helping our residents live a full and rich life. She enhances the heart and spirit of our facility. When a resident participates in activities, it enhances their sense of well-being and promotes or enhances physical, cognitive, and emotional health. Activities help them to freely express themselves, increase and develop social skills, and prevent isolation.

We want to honor Lea for all she does for our facility and the residents. Thank you for inspiring, engaging and enriching the lives of our residents throughout the year. For making it possible to keep the residents engaged with the community. Thank you for creating unique, fun and memorable events for the residents and the families. You are valued and appreciated by all of us here at CNRC.
