Come Support Us

Do you know the difference between Medicare & a Medicare Advantage plan? Do you know how either can cover the cost of a short term rehab stay? How do your benefits work? There is a difference in the two & how they cover your stay. What are the benefits of utilizing either for outpatient therapy? We will explain it to you at our Health Clinic.

Following the balance & strength testing you will know how safe you are and your potential risk of an issue occurring.

On top of all that you can get your blood pressure and glucose tested. We hope to see you there.

Sittin' and Sippin'

Summer days are made for sitting outside and sipping a refreshing glass of iced tea or lemonade. Join us for a cool beverage and neighborly chat as we relax on the patio. See the activities calendar for dates and times.

Photo Scavenger Hunt

A photo scavenger hunt was held and was a huge success! Teams of staff & a resident were given a list of items they had to find throughout the home. Some items were photos such as a picture with a resident making a funny face. Lori Smith & Joe Sievers did a pretty good job with their funny faces!

The White Hall Drag-o-Way group returned again this year. Residents, St. Norbett's school and some of the community came out to look at the many styles of antique cars. We appreciate this so much!
